

CANNABIS INDUSTRY SOLUTIONS

WATER

- Water-use/Wastewater Analysis
- Sewer Bylaw Compliance
- Closed Loop Water Systems

ENERGY

- 3rd Party Energy Audits
- Utility Energy Savings Programs
- Behind-the-Meter Power generation

AIR

- Emission/Pollution Measurement
- Odour Bylaw Compliance
- Odour Control Systems

ENSURE ENVIRONMENTAL COMPLIANCE:

- Permit-To-Take-Water (PTTW) for irrigation
- Environmental Compliance Approval (ECA) for greenhouse operations
- Air Permitting for regulatory compliance

INCREASE OPERATIONAL EFFICIENCY:

- Optimization of energy usage
- Internal water/wastewater process assessment and improvement
- Solutions and technology to mitigate internal and outdoor odour emissions

REDUCE OPERATING COSTS:

- Lowering of liability and remediation fee requirements
- Application for carbon offset credits
- Reduction of water intake and wastewater discharge through custom technology solutions
